

## Telecom Termination Pedestal

### SG

This family of Telecom Termination Pedestals are an easily installed pedestal ideal for TV/Cable/ Telephone and also Fibre optics/Cross Connect applications. These direct burial pedestals with ground stakes are available in single and double door designs as well as back to back configuration. The 14GA galvanized steel body construction offers additional corrosion resistance. PC116 Telco Green powder coat paint offers a durable finish.

**SG6**
